Copyright, 1867, by Press Publishing Company. SAN SEBASTIAN, Aug. 10 .- (New York World Cablegram-Special Telegram.)-President McKinley has instructed Acting Minister Taylor as follows:

Offer in my name and speaking in behalf of the nation, condolence and sympathy both to the Spanish government and Schora Canovas for the loss of one of the most eminent statesmen of our time.

Mr. Taylor conveyed the message in two communications through the duke

Mr. Taylor was much moved at the death of Canovas, whom he considered a friend. He had assisted him frequently in resolving amicably many questions affecting American interests. On the occasion of the last meet ing between them at San Sebastian Senor Canovas, on taking leave, inquired kindly after the health of Mr. Taylor's family and

General Woodford absolutely refused to discuss the Cuban question from any standpoint. He expressly asked me to say that since his nomination he was not said one word upon relations existing between the "wo countries or expressed any opinion about Cuba and that all such alleged interviews to their stations by cruisers. are purely imaginative.

EDWARD MARSHALL.

WILL BE GIVEN A MILITARY BURIAL.

Spanish Premier Accorded the Honors of a Marshal. MADRID, Aug. 10.-The queen regent har

decreed that the military honors observed in the case of the funeral of a marshal shall be accorded the remains of the late premier of Spain, Senor Canoves del Castillo, who was shot and killed Sunday by Anarchist Golii. The body of the Spanish statesman will arrive here Wednesday morning, accompanied by his widow, the minister for the colonies, Senor Cos-Gayon, and the chief major dome, the duke of Sotomsyor, representing the queen regent. The pall bearers will be an academician, an admiral, the preident of the senate, a knight of the golden fleece and Marchal Martinez de Campos. The interment will take place in the Pantheon. Funeral services will take place simultaneously in all the churches throughout the country and the official mourning will last affected by the tragedy and is still confine

hed in the apartments which he occupied at Santa Agueda. It is covered with shroud, two tapers are burning at the for of the bed and an altar has been erected the room and masses for the repose of the brated. Senor Castelar, the republican leader, in an interview, is quoted as eaying he will not join any cabinet unless it is a republican, adding that Senor Sagasta, the liberal leader, ought to be a member of th new cabinet, with the pledged support of the

conservatives. The queen regent has written a letter to Senora Canovas de Castillo, widow of the premier, in which her majesty says: "I am so affected and grieved by the horrible mis-fortune that I cannot find words to expresthe pain I feel. I send you my consolation but I can only weep with you for the dear being you have lost and who loved you so much. I, too, have lost a great deal. I have lost a loyal counseller who helped me and of whom I stood so much in need. The eminent services which he rendered to my husband, Alfonso, gave him a claim to all my respect, and his fresh sacrifices for the throne further united him to me and to the fatherland. The country and history will A him justice. My children join me in this mourning of the crown and nation. All my prayers are for him. Heaven grant you the

HAVANA RECEIVES THE NEWS Business Suspended Out of Respect to the Dead Premier.

HAVANA, Aug. 10 .- The official announce ment of the assassination of Senor Canovas del Castillo, the Spanish premier, was published today in the Official Gazette and the other local newspapers. As a mark of respect for the deceased statesman the stores are closed and the Stock exchange and Produce exchange have suspended business. The leading thoroughfares are being bung with black drapery and other signs of meurning are displayed about the city. The crime of Golli is being earnestly discussed on all sides. The news of the premier's murder was a great shock and a surprise to all classes and expressions of sorrow are every-where to be heard. The dying exclamation of Canovas, "Long live Spain," is the sub-ject of considerable comment in the newspa-pers. They all printed editorials expressing great sorrow at the death of the Spanish minister and the great loss custained by the Spanish nation, and dwell upon the public and private virtues of the deceased states-man while regretting his disappearance in these critical times. The future is referred to almost with apprehension, although the people are asked to trust in the patriotism of the Spanish statesman and in the loyalty of the Spaniards in both hemispheres in or-der to prevent further trouble for Spain. JERSEY TRAINWRECKERS AT WORK

PHILLIPSBURG, N. J., Aug. 10.-Train Central Railroad of New Jersey, and last night for the fourth time in as many months accomplished the wreck of two fast freight trains, the blocking of the tracks until clock this morning and the loss of at least \$50,000. About 9:30 o'clock tast night, a train No. 418 was running at fifty miles at hour on its way to New York, the engin struck a pile of ties just west of White ouse. The earine left the track and lands down an embankment a complete wreck. Fourteen cars were also derailed, piled up confusion and their contents scattered along the track. Engineer Shupp of Mauch Chunk remained at his post and miraculous escape with his life. Conductor Mattress, also of Mauch Chunk, was riding on the tank of the engine and was seriously hurt. The fireman jumped. Before a flagman could be sent out to signal opproaching trains another fast freight, com-posed of cars loaded with fish and peaches for the market in the Lehigh Valley, came up and ran into the debris. The engine and two cars of fish were demolished. Engineer Strubble and Conductor Moynahan were badly injured. A watchman had been employed at Whitehouse to guard against the trainwreckers' attempts, but last Saturday he was sus-pended, the railroad officials evidently think-

ing the gang had left the district. No Authority for Repairs. SAN FRANCISCO, Aug. 10.—When the old or Comanche was taken to Mar island it was with the und retanding that it should be given necessary repairs. Therefore Captain Turner of the raval reserve was astounded to receive a telegram from Commandant Kirkland which said that the Naval department disapproved of Captain Turner's recommendation in regard to repairs. Kirkland further ordered Captain Turner to remove the Comanche from Mare island at once, which he did, and the vessel is now anchored in this harbor. WASHINGTON, Aug. 10—Inquiry at the Navy department respecting the cancellation of work on the old Monitor Comanche at the Mare Island navy yard shows that as a matter of fact such work was not authorized by the department. The Comanche, like all other monitors and vessels turned over to the naval militar arganizations, is so placed under, condition that the organization keeps the vessel in as good condition as when it was received. Under the law the department has no authority to spend a penny on repairs on such craft. It will dock them, however, and this was done to the Comanche at Mare Island, and it is said that no other work was authorized upon it. dand it was with the und retanding the

totally abolish the export duty from the com-mencement of the thirty-first financial year, that is to eay, from April I next. Although the budget for that year shows a deficit of revenue, the decision has been made with the view of encouraging the export trade. The amount of export duty as estimated in the budget for the current year is 2.269.778 yen; but in view of there being an increase of some 7.000,000 yen in customs receipts from 1859, when the new treatics become operative, and of their gradually increasing, there will be no difficulty, even though the export duty be abolished.

The Japanese papers are unanimous in ap-proving the principle of a supposed submis-sion of the Hawaiian difficulty to arbitration. The Main chi, commenting upon the annexa-tion question, says: "The reason why Japan made a protest as soon as the signing of the annexation treaty became known, is that she has done so simply out of friendship, so as to make known her views in the matter before diplomatic negotiations are opened From the reply of the United States secretary of state to Japan's first protest, it appears that the determination of America on the subject is very firm. He had visited it several times, and while he was especially looking after the condition of wheat he also noticed that all crops on the farm are far in advance of the country surrounding it which is getting along without irrigation. There are 400 acres of wheat on the farm, which Mr. Johnson estimates at over thirty bushels per acre. while other pieces of wheat in the same vicinity will not go over ten to twelve bushels per acre. The other crops on the farm will compare with surrounding tracts in about the same rate. The work of irrigation was started early this spring just as thoroughly as if the spring had started in dry, instead of with plenty of moisture in the ground, but there was little perceptible difference be-tween the irrigated tracts and those which were getting their start from the natural supply of moisture, until after the frosts. which damaged that portion of the state. In the presidential campaign of 180 the sound money democrats, with the aid of all sorts of democrats, succeeded in electing a president by inflaming the minds and partions of the laboring classes, through sympathy expressed and justification made for the Homestead rioters, their leading mer and the ablest editors have for years as siduously striven to arouse feelings of resentment upon the part of the workingmer against their employers, dubbing manufacturers as robber barone and stirring up animosities between different classes of citizens; yet it now declares in its platform that the party is in favor of social order and is gens; yet it now declares in its platform that the party is in favor of social order and is opposed to mobs. After opposing the resumption of specie payment, advecating unlimited issuance of greenbacks or flat money and denouncing national banks, it has educated the larger number of the democratic party to follow with enthusiasm the fallacies of the "Boy Orator of the Platte."

The democratic party, including both gold standard and free silver democrats, has maligned the manufacturers, abused the prosperous and successful citizens and aroused against them the hatred of the less fortunate until a large majority of the party believes in Altgeldism and are not unfavorable to anarchy and bloodshed.

At the conclusion of Judge Denny's speech the convention adjourned until 8 o'clock.

Resolved, by the republican party in con-cention assembled: vention assembled:

1. That we reaffirm the principles of the republican parity as set forth in the platform adopted by it at St. Louis in 1896.

2. That we endorse the resolution of the national and state administrations, and especially commend the action of our present state officials in their efforts to suppresembly violence and to preserve the financial credit of the siste.

2. We commend the action of the representatives of the republican party in the passage of a tariff bill which will raise revenue sufficient to support the sovernment.

passage of a tariff bill which will raise revenue sufficient to support the government, prevent the issue of interest-bearing bonds, protect American labor and maintain the national credit.

4. We are opposed to a system of civil service that builds up an official class, practically a life tenure, in almost all branches of the public service, and we demand that the civil service and we demand that the civil service be so amended as to limit the terms of service to four years, with the privilege of reappointment or promotion, subject to such restrictions as will secure competent officials and to every section of the country its proper proportion of them.

5. We heartly sympathize with the struggling people of Cuba in their efforts to secure illerty and independence.

FUSION OPPONENTS IN CONTROL.

Have a Majority of Delegates in Ohio Populist Convention.

COLUMBUS, O., Aug. 10.-The anti-fusion lelegates to the populist state convention sprang a great political coup today. arrangements of the convention had been made by a committee composed principally of fusionists and were calculated to further the fusion plan. When the anti-fusionists discovered today they had a majority of delegates they prepared to strike while the iron was hot. The district meetings were to have been held this afternoon and the convention tomorrow, but this arrangement was ignored and the delegates were hastly convened in the auditorium at 2 o'clock this afternoon. A temporary organization was formed with John Seitz of Tiffin as chairman and A. S. Lightwaiter of New Philadelphia as secretary. Mr. Seits is one of the leaders of the anti-fusion faction and Antwerp.
